

P. C. 8400209

From: "Ric Steinberger" <ricst@usa.net>
To: <wvogl@samhsa.gov>
Date: 7/8/04 4:23PM
Subject: Revised Mandatory Guidelines FR DOCKET 04-7984

To whom it may concern:

Please provide mandatory oral fluid, hair or sweat test as an alternative (to observed urination) to people who suffer from paruresis and are required to pass a drug test. This seems like basic fairness to me. The inability to urinate when other people are observing or close by is, to say the least, not a voluntary condition. Please provide an alternate test for these people.

best regards,

Ric Steinberger, CISSP, CISM
